Use special finish for a beautifully blended aesthetic.

Achieve a beautifully blended appearance whatever your choice of finish. Options to coordinate your bathroom with a single finish are available across the range. Consider matching brassware, accessories, furniture handles, enclosures, wetrooms and more elements for a sophisticated aesthetic.

NB: Whilst tone and finish are aimed to be as consistent as possible, there may be slight variations due to material and finish type.

Designed for Modern Living. Crafted to Last.

At the heart of The White Space is a simple idea: bathrooms should be beautifully designed, practical to live with and built to stand the test of time. Our collections bring together contemporary style, considered functionality and dependable quality - without unnecessary complexity.

Aesthetics

Each range is thoughtfully developed to balance clean aesthetics with everyday usability. From furniture and brassware to showering solutions, every product is designed to work seamlessly within the modern home, reflecting current trends while remaining timeless in appeal.

Personalised

With a wide choice of finishes, configurations and styles, The White Space gives you the flexibility to create a bathroom that feels personal and purposeful. Whether you're designing a calm retreat or a statement space, our collections make it easy to achieve a cohesive look with confidence.

Durable

Backed by proven industry expertise, The White Space is designed to deliver lasting comfort, reliable performance and enduring style - creating bathrooms to be enjoyed for years to come.

Douche Kits

The White Space Douche kits offer excellent spray performance and reliable water control. A brass body and stainless-steel hose offer increased performance and durability. Easy to control and comfortable to use, The White Space Douche kits are a great addition to your bathroom.

Features & Benefits

- Brass body and stainless-steel hose for increased durability
- Thermostatic option allowing you to set preferred water temperature (DSK3)
- Anti-twist hose prevents winding and knotting
- Leak-proof hose for performance enhancement
- Easy to clean and maintain
- Quick installation
- 0.7 Bar water pressure
- DSK1 & DSK2 1 year guarantee. For DSK3 10 years on brass valve body, 3 years for cartridges, 1 year for spray head, holder, hose, handles.

Showering

The White Space shower valve collection is designed for a luxurious showering experience. With a choice of modern designs and sleek finishes, you will find the perfect showering solution for your bathroom. Built from durable brass core material for long-lasting performance and supported by a five-year guarantee, you can enjoy your shower with complete confidence.

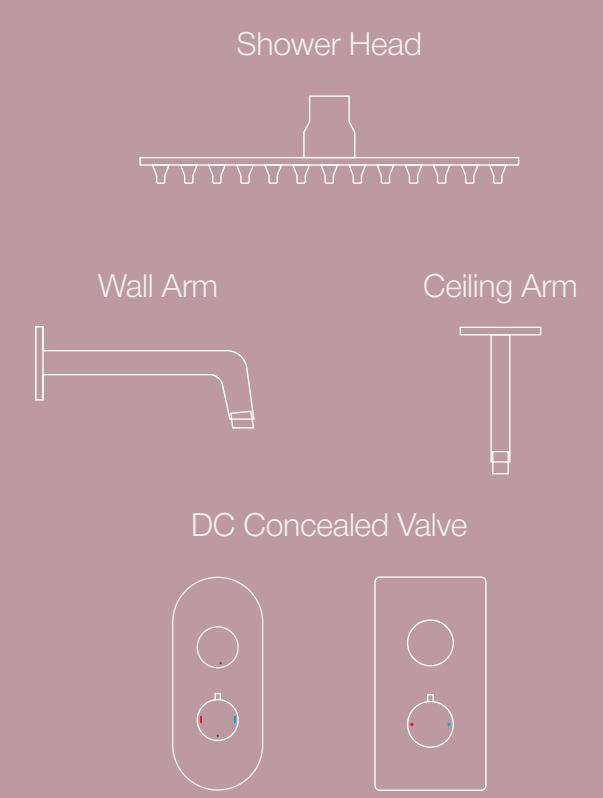

- Built from brass core material for durability
- All handsets are adjustable
- Thermostatically controlled to ± 2 to 3°C even if the water pressure fluctuates
- Temperature safety limiters with override
- Suitable for low pressure water systems
- Available in a variety of modern designs and popular configurations
- Choose from Chrome, Matt Black, Brushed Brass, Brushed Bronze and Gunmetal finishes
- 5yr guarantee

Enclosures

Combining refined design and precision engineering, The White Space shower enclosure collection delivers outstanding performance and value. With an extensive range of sizes and finishes, specification is simple and flexible. Available to suit all budgets, offering high-quality materials, smooth operation, and easy cleaning glass ensures long term satisfaction and peace of mind.

Quality Specifications

- Three price points, 6mm, 8mm and Evolve. Suits different budgets.
- High quality engineering and build for durability and performance.
- Components and moving parts specially designed for quality and long life. Products that will stand the test of everyday use.
- B-Clean EasyClean Glass.
- Premium finish on profiles and metal work such as handles. Perfect for coordination across other brassware in the bathroom.
- Hugely comprehensive ranging and sizing across all collections. A one stop solution.
- Spare part availability. Peace of mind should components need replacing.

Shower Trays

Designed to combine sleek contemporary styling with exceptional practicality. Featuring a slim 30mm profile, VISION30 shower trays create a modern, minimalist look while providing the durability and performance required for everyday use.

Available in a range of sizes and configurations to suit any bathroom design.

All square and rectangular Vision 30 shower trays features an offset waste, which can be of huge benefit if a waste outlet is blocked by joists or other obstructions. As can be seen in the diagram if a waste outlet is blocked, the tray can be rotated 180 degrees, solving the issue.

Why Choose DesignPRO Wall Panels?

- **100% water resistant panel system***

Protect your bathroom walls. DesignPRO panels are designed to be 100% water resistant.

- **10 year guarantee**

All Wetwall panels come with a 10 year guarantee.

- **Quick, easy to install and 100% grout-free Trims, adhesive and sealants are also available**

When compared to tiles, Wetwall bathroom panels are overall quicker and easier to install.

- **Easy Cleaning**

Unlike tiles DesignPro by Wetwall panels are grout-free, making them easy to clean and maintain.

- **Renovation without the hassle**

Installs as new or can be installed over old tiles.

- **15 modern decor choices**

- **Square edge panels with Wetlock click-connect joints**

*When installed as per our installation guide, using Wetwall profiles together with Wilsonart Complete Adhesive and Sealant.

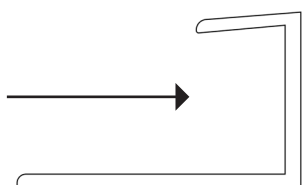

What is Wetlock?

Wetlock is a “Click and Fit” system which helps to ensure a:

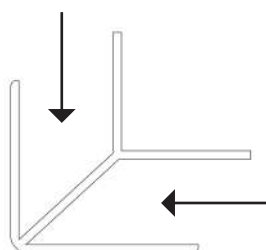

- Quick and easy fit
- Fully waterproof and grout-free installation
- Consistent high quality
- Smooth and seamless finish

Trims to ensure seamless grout-free installation

Caspian Marble - Shell, White Marble

Designed to reflect natural mineral stone, with warm off-white tones and subtle, organic movement. The calm, understated surface of this décor brings a natural brightness and openness to even the smallest room.

Code	Dimensions	EX VAT
718190	2420 x 585 x 9mm	£186.36
718046	2420 x 1185 x 9mm	£339.82

Cloudy Sky - Shell, Grey Marble

This classic marble design is defined by warm lilac-grey tones layered with intricate natural veining, creating depth and refined movement across the surface. Soft yet characterful, it brings a sense of timeless elegance and understated luxury.

Code	Dimensions	EX VAT	Inc VAT
718282	2420 x 585 x 9mm	£186.36	£186.36
718138	2420 x 1185 x 9mm	£339.82	£339.82

Grey Onyx - Gloss, Grey

The cool grey tones combined with gentle, clouded movement in this Onyx inspired decor create a sleek, contemporary surface with subtle depth and understated luxury.

Code	Dimensions	Inc VAT
718183	2420 x 585 x 9mm	£186.36
718039	2420 x 1185 x 9mm	£339.82

Cool Calcite - Gloss, White Marble

Softly textured with subtle mineral patterning, Cool Calcite brings a calm, understated elegance to contemporary interiors. The fresh white base and gentle cool-toned detailing create a bright, expansive feel, offering a refined alternative to heavier stone designs.

Code	Dimensions	EX VAT
718152	2420 x 585 x 9mm	£186.36
718008	2420 x 1185 x 9mm	£339.82

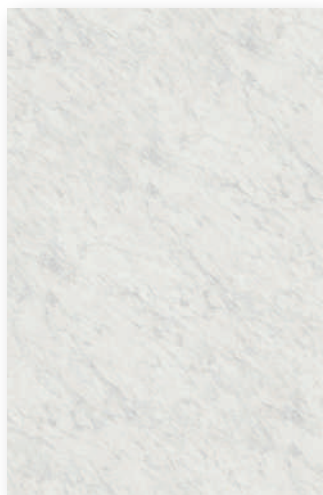

Alpine Mist - Gloss, Grey Marble

Inspired by authentic Italian Carrara marble, this design showcases soft grey and white tones with delicate natural veining and a soft matt finish. The result is a light, elegant surface that brings timeless stone luxury to any interior.

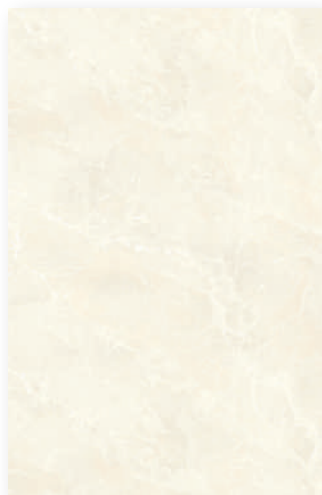

Code	Dimensions	Inc VAT
718169	2420 x 585 x 9mm	£186.36
718015	2420 x 1185 x 9mm	£339.82

Alabaster - Shell, Cream

The subtle, luminous translucency of natural alabaster is reflected in this design. Showcasing gentle creamy tones and a matt finish creates a refined surface that brings warmth, elegance, and a sense of quiet luxury to contemporary interiors.

Code	Dimensions	Inc VAT
718206	2420 x 585 x 9mm	£186.36
718053	2420 x 1185 x 9mm	£339.82

Warm Travertine - Shell, Beige

Warm Travertine is a contemporary interpretation of a classic travertine stone. The open design features soft honey and amber tones with natural tonal variation that brings warmth and depth to the surface and an understated elegance suited to both classic and modern interiors.

Code	Dimensions	Inc VAT
718213	2420 x 585 x 9mm	£186.36
718060	2420 x 1185 x 9mm	£339.82

Cloudy Travertine - Shell, Beige

Marking a shift from traditional linear designs towards a softer, more organic Travertine, the warm, pale honey tone taps into the growing preference for warmer neutrals, offering an inviting alternative to the existing cooler greys.

Code	Dimensions	Inc VAT
718220	2420 x 585 x 9mm	£186.36
718077	2420 x 1185 x 9mm	£339.82

Light Terra Stone - Shell, Beige

This open stone décor features soft honey and amber tones with natural variation that brings warmth and depth to the surface. The classic travertine structure is interpreted in a clean, contemporary way, delivering an on-trend colour direction without losing its timeless appeal.

Code	Dimensions	Inc VAT
718237	2420 x 585 x 9mm	£186.36
718084	2420 x 1185 x 9mm	£339.82

Terrazzo Venetian Beige - Shell, Beige

Blending the timeless nature of terrazzo with a warmer, contemporary palette, Terrazzo Venetian Beige pairs stone fragments with delicate charcoal detailing. Together, they're embedded within a light neutral base. Subtle, but full of character, the design brings texture, depth, and a sense of calm to spaces through its refined natural finish.

Code	Dimensions	Inc VAT
718244	2420 x 585 x 9mm	£186.36
718091	2420 x 1185 x 9mm	£339.82

Terrazzo Terracotta - Shell, Beige

Rich terracotta tones meet the timeless texture of terrazzo. This design reflects the growing influence of earthy, Mediterranean-inspired spaces. Layered with deep mineral flecks and warm tones, Terrazzo Terracotta brings a confident warmth to contemporary spaces seeking a more expressive, design-led aesthetic.

Code	Dimensions	Inc VAT
718251	2420 x 585 x 9mm	£186.36
718107	2420 x 1185 x 9mm	£339.82

Light Terrazzo - Shell, Grey Marble

This contemporary terrazzo-effect décor features a warm grey/beige base with layered detailing that creates a subtle 3D visual depth. The refined pattern delivers texture and movement while remaining clean and modern, and highly relevant to modern trends.

Code	Dimensions	Inc VAT
718268	2420 x 585 x 9mm	£186.36
718114	2420 x 1185 x 9mm	£339.82

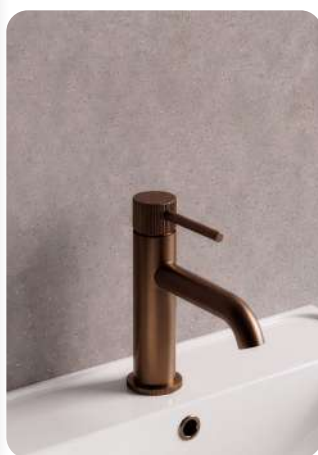

Natural Terrazzo - Gloss Grey

Effortlessly versatile, Natural Terrazzo takes a more refined approach to the classic effect. Soft mineral textures and muted stone tones create a relaxed surface which blends itself naturally with pared-back interiors, organic materials, and neutral palettes.

Code	Dimensions	Inc VAT
718275	2420 x 585 x 9mm	£186.36
718121	2420 x 1185 x 9mm	£339.82

Quarry Slate - Shell, Grey Marble

This striking marble statement makes an impact with rich, dramatic tones and bold natural veining. Contrasting shards of light and dark create powerful movement and depth, delivering a surface that feels both luxurious and artistic.

853119		T piece for dual fuel installation. Colour finish	£24.00

Bedroom valves are all dual fuel compatible providing they use a T Piece provided with the element.

White cap

Chrome cap

All Redroom radiators have the CE mark, having been independently tested in accredited laboratories to EN442 in accordance with CE requirements. This means our published heat output figures are fully in line with the testing criteria. You can therefore specify the size of your radiator with the assurance that your choice will perform as stated, making Redroom radiators the obvious choice.

Do you still want to warm your towels even when the central heating is turned off?

Here's How!

1. Turn off connection to central heating, so the water within the radiator is isolated
2. Switch on Simple Immersion, so your radiator will be heated electrically
3. Enjoy warm towels all year long even when the central heating is off

How to Specify Your Radiator

STEP 1

To start with, you need to find out the heat requirement of the room in Watts. To calculate this as a rough guide, allow 50 watts per cubic metre of the room. You should also consult with a heating engineer for the exact requirement. To change the watts into BTUs, multiply the watt amount by 3.412.

STEP 2

Choose the location of the radiator and figure out any restrictions that could occur, for example height if the radiator is going to be fitted under a window.

STEP 3

Browse through this catalogue and choose the perfect radiator for your dream bathroom. For more information speak to your local retailer or heating engineer.

SECONDARY HEAT SOURCE

Does your radiator meet the room's heat requirement? Depending on the size of your bathroom and type of radiator you want, you may need a secondary heat source. If necessary you can add an extra radiator or underfloor heating to make sure your room is sufficiently heated.

Underfloor Heating

Add luxurious comfort to your home with Redroom underfloor heating.

Perfect for heating all areas of your house, but particularly suited to kitchens and bathrooms.

All mats are installed with a choice of three stylish digital thermostats that have energy saving functions to help reduce heating costs.

Available in a range of sizes, the self-adhesive mesh can easily and quickly be fitted directly onto concrete or insulation boards to provide an even spread of heat.

Energy Efficiency

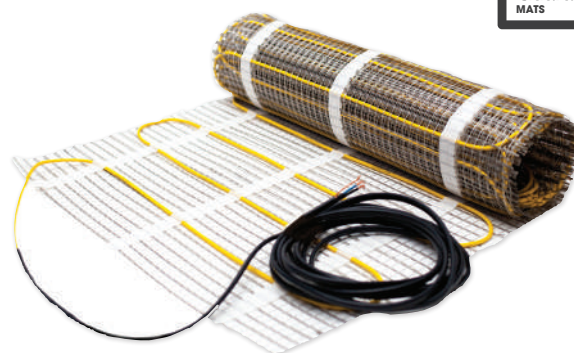

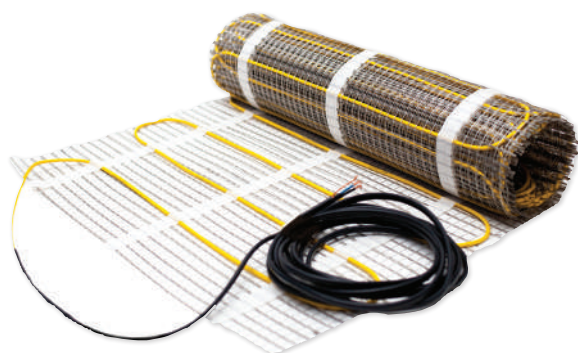

Radiators generate warmth around and above the radiator

Underfloor heating provides the ultimate comfort with heat rising up from the floor where you need it the most

100w Underfloor Heating Mats

Code	Description	Price
UHF1	1.0m ² 100W	£102.61
UHF15	1.5m ² 150W	£111.58
UHF2	2.0m ² 200W	£132.32

HHF12	12m ² 1800W	£726.97

Suitable to go directly onto a concrete subfloor or timber subfloor covered with insulation boards. IPX7, 230V, cable thickness 4mm, 500mm width. Each installation requires a thermostat controller.

Heating Mats Features and Benefits

- Suitable for tiles, laminate and wood floors
- Energy efficient
- Produces around 80% less dust
- Self-adhesive
- Saves on space and no exposed pipes
- Quick and easy to install
- Suitable for small and large areas
- 12 year guarantee on mats

Each Underfloor
Heating Installation
Requires a

Underfloor Heating Cable & Membrane

Each Underfloor Heating Installation Requires a Thermostat Controller

Turn to page 287 to choose yours

Features and Benefits

- Quick and easy to install and use
- Cost effective
- Space saver - When used as a primary heat source you don't need radiators, freeing up precious wall space
- Ideal for tiled floors. Also suitable for laminate and wood floors
- Designed to secure heating cable as well as act as a decoupling membrane
- Neutralises tensions between substrate and tiles, reducing cracking as the floor settles/moves
- Fully customisable
- Fit with flexible tile adhesive (not provided) and no levelling compound required

As Easy as 1,2,3

Combining underfloor heating and antifracture mat, this brilliant new product from Redroom could save you significant money and time in fitting. It really is as easy as 1,2,3.

Step 1

Redroom decoupling membrane goes down on the floor.

Step 2

Underfloor heating wire is spaced out within the guides on the membrane.

Step 3

It's now ready for tiling. The membrane gives ultimate protection against tiles cracking that may occur due to settling and movement of the substrate underneath.

Time saving is a key benefit with this product, but what's more, the membrane offers a high level of protection against accidental damage plus it gives the installer a template for very accurate and consistent spacing. If you use underfloor heating, this is the product you need in your life.

Decoupling Membrane Rolls

Code	Description	Price
UFMEM1	5m ² Membrane Roll	£173.02
UFMEM2	15m ² Membrane Roll	£519.05

Polypropylene membrane with rounded square shaped studs that form channels specifically designed to embed and fasten electric heating cables. Suitable to go directly onto a concrete subfloor or timber covering insulating boards.

Heating Cable for Membrane

Code	Description	Price
UFW1	10m Cable	£170.18
UFW2	20m Cable	£186.09
UFW3	28m Cable	£221.33
UFW4	41m Cable	£273.27
UFW5	50m Cable	£333.44
UFW6	57m Cable	£395.84
UFW7	70m Cable	£403.19
UFW8	81m Cable	£432.30
UFW9	90m Cable	£485.81
UFW10	100m Cable	£501.39
UFW11	129m Cable	£572.59
UFW12	142m Cable	£582.80
UFW13	165m Cable	£655.39

IPX7, 230V, cable thickness 4mm. Cold tail length 2.3m. 12 year guarantee. Each installation requires a thermostat controller.

Primary Heat = 150W/m² at 2 studs apart
Secondary Heat = 100W/m² at 3 studs apart

0.5m² area needs 10m linear cable.

Thermostat Controls

Features & Benefits

Reinforced Baths

Our range of durable reinforced baths are strong without compromising design.

- Fibreglass reinforced throughout for rigidity, stability and quality
- Encapsulated baseboard
- Variety of sizes
- Single ended or double ended options
- Super Strong

Freestanding Baths

Our range of freestanding baths add an eye-catching centrepiece to your bathroom.

- Twin Skinned Lucite acrylic, seamlessly bonded into one piece for rigidity, stability and quality
- Encapsulated baseboard
- Supplied with support frame and adjustable feet to compensate for uneven floors
- With a thin contemporary rim you get more inner bathing space for less floor space. This feature gives you uncompromising luxury bathing, whether installing in a large or small space.

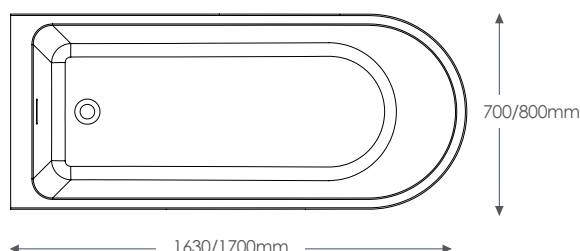

Includes Integrated Bath Overflow Filler

Virtue

Code	Dimensions	Price
WSV16	1630 x 700 x 580mm	£1,363.04
WSV17	1700 x 800 x 580mm	£1,481.96

The Virtue bath features a pre-installed overflow filler, providing a stylish alternative to traditional bath taps. This creates a cleaner, more streamlined look and is particularly beneficial when used as a shower bath, as there is no tap spout projecting into the bathing area, giving you more space and a more comfortable showering experience.

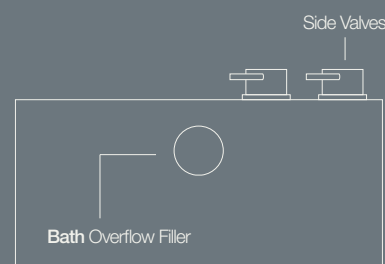

Configuration Options

The integrated overflow filler combines the bath filler and overflow into one neat solution. Water can be supplied to the overflow filler in two simple ways:

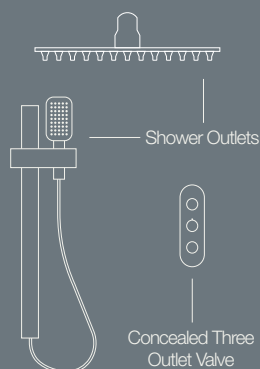

Side Valves - Bath-mounted controls fitted to the bath ledge provide a simple way to operate the bath filler. If the bath is being used as a shower bath, a separate shower valve will also be required. See Pin Lux on page 109 for suitable options.

Shower Valve - A multi-function shower valve can be used to control both the overflow filler and shower outlets. A two-way valve allows you to divert water between the bath filler and one shower outlet, whilst a three-way valve can divert water between the bath filler and two separate shower outlets. See DC and Collab on pages 145 - 147 or available options.

Adjustments

All enclosures, wetrooms and bath screens allow adjustments for easy, secure fixing.

The profile is the piece that fixes to the wall and as these profiles have 'adjustments' your enclosure, glass panel or screen can be securely fixed into position, even when walls are not precisely straight or if the thickness of your choice of tiles affects the installation space for your Sommer enclosure.
